Uniform Medical Plan

Preferred Drug List

January 2006

HCA-50-004 (12/05)

Introduction

The goal of the Uniform Medical Plan (UMP) is to provide access to quality health care at an affordable price. As part of this effort, UMP uses the *UMP Preferred Drug List* (UMP PDL) to help manage the cost of providing prescription drug coverage.

State legislation requires that UMP conform to the Washington PDL, which is based on recommendations by the Washington State Pharmacy & Therapeutics Committee (P&T Committee), an independent group of practicing health care providers that meets quarterly to help ensure that the content is medically sound and supportive of your health. The UMP PDL is based on the Washington Preferred Drug List (Washington PDL) for many drug classes. For drug classes not yet reviewed by the P&T Committee, UMP uses Express Scripts' National Formulary for the UMP PDL.

UMP retains the right to update the UMP PDL or shift medications to different tiers during the year if generic or over-the-counter alternatives become available, or if there are changes to the Washington PDL or Express Scripts' National Formulary. Please note that updates are made on a quarterly basis (January, April, July, and October) to the Washington PDL. UMP will notify enrollees of changes made to the UMP PDL during the plan year.

While this document lists most drugs and their level of coverage by UMP, some items are not listed. Unless an exception is noted in the list, all strengths and forms of a particular drug (e.g., tablets, capsules, liquid, topical, etc.) are covered as indicated. If your medication is not on this list, or you have questions, please call Customer Service at 1-866-576-3862.

Summary of UMP's Prescription Drug Benefit

Under UMP, you must pay an annual $100 prescription drug deductible per person before UMP pays for prescription drugs. Once you have met your deductible, the amount you pay for a prescription depends on the tier level the drug falls in. Using generic and preferred drugs reduces costs both for you and for UMP. Generic drugs have the same active ingredient as their brand-name counterparts and are usually less expensive. You may still choose nonpreferred drugs but you will generally pay more if you do.

Covered Drugs

This benefit covers legend drugs (those that can be legally obtained only with a prescription and do not have over the counter equivalents) including:

- Allergy antigens
- Chemotherapeutic agents
- Contraceptive drugs
- Fluoride (for preschool children over 6 months of age when primary water source is deficient in fluoride)
- Injections of certain prescription medications
- Methadone
- Prescription prenatal vitamins (during pregnancy)
- Certain nonprescription drugs and supplies are also covered including:
  - All insulin and all disposable diabetic supplies such as test strips, lancets, sharps containers, and insulin syringes used in the treatment of diabetes.

- Over-the-counter prenatal vitamins (during pregnancy).
- Nicotine replacement therapy (NRT) when recommended for participants in the *Free & Clear* tobacco cessation program
- Prilosec OTC
- Other over-the-counter products and prescription drugs with over-the-counter equivalents that are specifically noted in the UMP Preferred Drug List as covered under Tier 1, Tier 2, or Tier 3.

Excluded Drugs

- Drugs to treat impotence
- Drugs to treat infertility
- Dietary supplements (vitamins, minerals, herbal supplements)
- Drugs used for cosmetic purposes
- Drugs to treat obesity
- Experimental or investigational drugs
- Homeopathic drugs
- Over-the-counter drugs except as specified above
- Prescription drugs that have an over-the-counter equivalent product except as indicated above.

Please check the UMP *Certificate of Coverage* for certain exclusions, limitations, and prior authorization requirements that may apply to some medications. The full *UMP Preferred Drug List* identifies specific drugs that have quantity level limits, prior authorization requirements or other restrictions and is available on the UMP Web site at **www.ump.hca.wa.gov**.

How to use this guide

This guide lists medications in different ways to help you find prescription medications and their respective cost-share tiers. Section 1 displays drugs alphabetically and gives the therapeutic class chapter number, where you can locate the specific drug coverage information. Section 2 lists drugs by therapeutic chapter and summarizes coverage limitations applicable to those products. The information below will help you read the guide, and understand what each column means.

If you need a printed copy of this document, please call 1-800-762-6004.

Column heading	Explanation
Cost Share Tier	**Prescription Drug Cost-Share**

Tier	Enrollee's cost using network retail pharmacy (for up to a 90-day supply per prescription or refill)	Enrollee's cost at UMP's mail service pharmacy (for up to a 90-day supply per prescription or refill)
Tier 1 Generic drugs, all insulin, all disposable diabetic supplies, and certain specialty drugs*	Lesser of 10% coinsurance or maximum enrollee cost-share limit (see below**)	$10 copay***
Tier 2 Preferred brand-name drugs	Lesser of 30% coinsurance or maximum enrollee cost-share limit (see below**)	$40 copay***
Tier 3 Nonpreferred brand-name drugs and compounded prescriptions	50% coinsurance Maximum cost-share limit does not apply	$100 copay***

* *Certain specialty drugs are limited to a 30-day supply and may be subject to other restrictions. Brand-name specialty drugs with a generic equivalent will be covered under Tier 3.*

** ***Enrollee cost-share limit:*** *For up to a 30-day supply, the limit is $75. For a 31- to 60-day supply, the limit is $150. For a 61- to 90-day supply, the limit is $225. The maximum enrollee cost-share limit does not apply to Tier 3 drugs or drugs purchased at a non-network pharmacy.*

*** *If the actual price of the medication is less than the standard copay, you pay a minimum charge of $8.99 or the cost of the drug, whichever is greater—but not more than the standard copay.*

TIP

Therapeutic Interchange Program (TIP)

Certain drug classes are subject to the state therapeutic interchange program (TIP); medications subject to TIP have "yes" in the "TIP" column. TIP was established by a new state law that applies only to state-operated prescription drug programs (such as UMP). If the prescriber has endorsed the state's preferred drug list, pharmacists may be required to substitute the UMP preferred drug for the nonpreferred drug when filling prescriptions for UMP enrollees. A UMP enrollee may specifically ask the pharmacist to dispense the nonpreferred drug, but the enrollee's out-of-pocket costs will be higher (Tier 3). For more information on TIP, please visit **www.rx.wa.gov.**

Column heading	Explanation
Spec	**Specialty Pharmacy** Specialty medications are high-cost injectable, infused, oral, or inhaled medications that generally require close supervision and monitoring of the patient's medication therapy. Specialty medications have the following key characteristics: • Need frequent dosage adjustments • Cause more severe side effects than traditional medications • Need special storage, handling and/or administration • Have a narrow therapeutic range • Require periodic laboratory or diagnostic testing • Cost in excess of $1,300 per 30-day supply Prescription medications that have "yes" in the "Spec" column in Section 2 are considered specialty drugs by UMP. Specialty medications will be limited to a 30-day maximum supply per prescription or refill, *and* you will need to order these prescriptions through CuraScript. You may get your first prescription filled at a retail pharmacy so there won't be a delay in receiving your medication, but all subsequent refills will need to be ordered through CuraScript.
QLL	**Drugs with Quantity Level Limitations** Coverage for some high-risk or high-cost medications is limited to certain quantities within a given period. If there is a quantity limit for a medication, the quantity allowed per 34-day supply is noted in the "QLL" column in Section 2. UMP enrollees who choose to receive these medications outside UMP's policies are responsible for the full cost. For some medications, Express Scripts will consider requests from prescribers for quantities in excess of the UMP limits if determined to be medically necessary. A phone number appears in the "QLL" column when overrides are available through Express Scripts. If no override is indicated, appeals must be sent to the UMP administrative office at: Attn: Appeals Committee P.O. Box 91118 Seattle, WA 98111-9218 Fax: (206) 521-2001 E-mail: **umpappeals@hca.wa.gov**
PA	**Medications requiring prior authorization** Some high-risk or high-cost medications require prior authorization (PA) to be eligible for coverage. In order for an enrollee to receive coverage for a medication requiring prior authorization, the prescriber must call or submit a letter explaining why the specific medication is necessary. If a drug requires preauthorization, it will be indicated with a PA1 (call 1-800-417-8164) or a PA2 (call 1-800-762-6004) in the "PA" column in Section 2.

Column heading	Explanation
COB	**Medicare Coordination of Benefits** A "Yes" in this column in Section 2 indicates drugs that ***may be*** covered by Medicare Part B, if Medicare is your primary coverage (some drugs are covered only for certain medical conditions; see list below). If a drug is covered by Medicare Part B, the claim must be submitted to and paid by Medicare before UMP pays. Once Medicare has paid its share, UMP will pay secondary (often the entire amount remaining). Please note that prescription drugs covered by Medicare cannot be ordered through UMP's mail-service pharmacy. Such prescriptions should be filled at a network retail pharmacy, preferably one that can submit prescriptions directly to Medicare. If the pharmacist knows that your prescription drug is NOT covered by Medicare, he or she can call Express Scripts at 1-800-417-8164 and request preauthorization. If this is approved, in the future this drug will not have to be submitted to Medicare or preauthorized, and you can order it through UMP's mail-service if you wish. **What Does Medicare Part B Cover?** • Immunosuppressant drugs • Certain oral anti-cancer drugs • Certain drugs used in nebulizers • Certain external infusion pumps
Suggested or Preferred Alternative	**Alternatives to Nonpreferred Prescription Medications** This column indicates the UMP preferred alternative for nonpreferred prescription medications. For medications with OTC equivalents, this column will indicate the OTC product available for the enrollee to purchase at their own cost.

Table of Contents

Chapter 01 ANESTHETICS
- 1.2 TOPICAL ANESTHETICS

Chapter 02 ANTIINFECTIVES
- 2.1.1 CEPHALOSPORINS
- 2.1.3 CLINDAMYCINS
- 2.1.4 ERYTHROMYCINS
- 2.1.4.1 OTHER MACROLIDES
- 2.1.4.2 KETOLIDES
- 2.1.5 PENICILLINS
- 2.1.6 SULFONAMIDES
- 2.1.7 TETRACYCLINES
- 2.1.8 URINARY ANTIINFECTIVES
- 2.1.9 QUINOLONES
- 2.2 TOPICAL ANTIBACTERIAL
- 2.3 ORAL ANTIFUNGAL DRUGS
- 2.4.1 VAGINAL ANTIFUNGALS
- 2.4.2 OTHER TOPICAL ANTIFUNGALS
- 2.4.3 TOPICAL ANTIFUNGAL-CORTICOSTEROID COMBINATIONS
- 2.5.1 ANTIRETROVIRAL AND PROTEASE INHIBITORS
- 2.5.2 OTHER ANTIVIRAL DRUGS
- 2.6 TOPICAL ANTIVIRAL DRUGS
- 2.7.1 AMEBICIDES
- 2.7.2 ANTITUBERCULOSIS DRUGS
- 2.7.3 PLASMODICIDES
- 2.7.4 SULFONES
- 2.7.5 TRICHOMONOCIDES
- 2.7.6 ANTHELMINTICS
- 2.8 OTHER ANTIINFECTIVE DRUGS
- 2.8.2 AMINOGLYCOSIDES

Chapter 03 ANTINEOPLASTIC/IMMUNOSUPPRESSANT DRUG
- 3 ANTINEOPLASTIC / IMMUNOSUPPRESSANTS

Chapter 04 CARDIOVASCULAR MEDICATIONS
- 4.1 CARDIAC GLYCOSIDES
- 4.2 CALCIUM ANTAGONISTS
- 4.3.1 LOOP DIURETICS
- 4.3.2 THIAZIDE AND RELATED DRUGS
- 4.3.3 POTASSIUM SPARING DIURETICS
- 4.4 BETA-ADRENERGIC ANTAGONIST DRUGS
- 4.5.1 VASODILATOR ANTIHYPERTENSIVES
- 4.5.2 CENTRALLY ACTING ANTIHYPERTENSIVES
- 4.5.3 ALPHA-ADRENERGIC ANTAGONISTS
- 4.5.4.1 ANGIOTENSIN CONVERTING ENZYME INHIBITORS
- 4.5.4.2 ANGIOTENSIN II RECEPTOR ANTAGONISTS
- 4.5.5 DRUGS FOR PHEOCHROMOCYTOMA
- 4.5.6 OTHER ANTIHYPERTENSIVES
- 4.6.1 NITRATES
- 4.6.2 OTHER VASODILATING DRUGS

4.6.3 ENDOTHELIN RECEPTOR ANTAGONIST
4.7.1.1 CLASS 1 - MEMBRANE STABILIZING
4.7.1.2 CLASS 1B
4.7.1.3 CLASS 1C
4.7.3 AMIODARONES
4.7.5 OTHER ANTIARRHYTHMICS
4.8.1 HYPOLIPOPROTEINEMICS
4.8.2 HMG-COA REDUCTASE INHIBITORS
4.8.2.1 HMG-COA COMBINATIONS
4.9 OTHER CARDIOVASCULAR DRUGS

Chapter 05 AUTONOMIC AND CNS MEDICATIONS
5.1.1 ANALGESICS
5.1.1.1 CLASS II NARCOTICS
5.1.1.2 CLASS III NARCOTICS
5.1.1.3 CLASS IV NARCOTICS
5.1.2 DRUGS TO PREVENT AND TREAT HEADACHES
5.2.1 ANXIOLYTICS
5.2.2 SEDATIVE / HYPNOTIC DRUGS
5.3 ANTIMANIA DRUGS
5.4.1 CARBAMAZEPINES
5.4.2 ANTICONVULSANT BENZODIAZEPINES
5.4.3 HYDANTOINS
5.4.4 VALPROIC ACID AND DERIVATIVES
5.4.5 SUCCINIMIDES
5.4.6 ANTICONVULSANT BARBITURATES
5.4.7 OTHER ANTICONVULSANTS
5.5.1.1 TERTIARY AMINES
5.5.1.2 SECONDARY AMINES
5.5.1.3 SELECTIVE SEROTONIN REUPTAKE INHIBITORS
5.5.1.4 OTHER ANTIDEPRESSANTS
5.5.2 MAO INHIBITORS
5.6 ANTIVERTIGO AND ANTIEMETIC DRUGS
5.7.1 ANTIPARKINSON ANTICHOLINERGIC
5.7.2 OTHER ANTIPARKINSON DRUGS
5.8 ANTIPSYCHOTIC DRUGS
5.8.1 ALIPHATIC PHENOTHIAZINES
5.9.1 CNS STIMULANT DRUGS
5.9.2 OTHER CNS / AUTONOMIC DRUGS
5.9.2.1 ALCOHOL ANTAGONIST
5.9.3 ANTIDEMENTIA DRUGS
5.9.4 DRUGS TO TREAT MULTIPLE SCLEROCIS
5.9.5 SMOKING CESSATION PRODUCTS
5.9.6 OTHER DRUGS FOR ADHD

Chapter 06 DERMATOLOGICAL MEDICATIONS
6.1 TOPICAL CORTICOSTEROID DRUGS
6.2 ANTIPRURITIC DRUGS
6.3 ANTIACNE DRUGS

6.3.1 ACCUTANES
6.7 KERATOLYTIC DRUGS
6.8 ANTIPSORIASIS AND ANTIECZEMA DRUGS
6.9.1 ORAL DERMATOLOGICAL DRUGS
6.9.2 TOPICAL DERMATOLOGICAL DRUGS
6.9.3 SCABICIDES

Chapter 07 EAR NOSE THROAT MEDICATIONS
7.1 DRUGS AFFECTING THE EAR
7.2 DRUGS AFFECTING THE NOSE
7.3 DRUGS AFFECTING THE THROAT

Chapter 08 ENDOCRINE MEDICATIONS
8.1.1 INSULIN
8.1.2 ORAL HYPOGLYCEMICS & COMBOS
8.1.3 INSULIN SENSITIZERS & COMBOS
8.1.4 AMYLIN ANALOGUES
8.1.5.1 INCRETIN MIMETICS
8.3.1 GLUCOCORTICOID DRUGS
8.3.2 MINERALOCORTICOID DRUGS
8.4.1 THYROID SUPPLEMENTS
8.4.2 ANTITHYROID DRUGS
8.6 OTHER ENDOCRINE DRUGS

Chapter 09 GASTROINTESTINAL MEDICATIONS
9.2 ANTIDIARRHEAL DRUGS
9.3 ANTISPASMODICS / DRUGS AFFECT GI
9.4 ANTIULCER DRUGS
9.4.1 OTHER ANTIULCER DRUGS
9.4.2 PROTON PUMP INHIBITORS
9.4.3 HELICOBACTER PYLORI DRUGS
9.5 LAXATIVES AND CATHARTICS
9.6 OTHER GI DRUGS
9.7 IRRITABLE BOWEL DRUGS

Chapter 10 IMMUNOLOGICALS
10.0 IMMUNOLOGICALS AND VACCINES
10.2.1 MYELOID STIMULANTS
10.2.2 ERYTHROID STIMULANTS
10.2.3 INTERFERONS
10.2.4 GROWTH HORMONES AND RELATED DRUGS
10.2.5 INTERLEUKINS
10.2.6 INTERLEUKIN RECEPTOR ANTAGONIST
10.2.7 IMMUNOGLOBULIN ANTIBODIES

Chapter 11 MUSCULOSKELETAL MEDICATIONS
11.1.1 SALICYLATES AND RELATED DRUGS
11.1.2 NON-STEROIDAL ANTIINFLAMMATORY
11.1.4 OTHER DRUGS FOR ARTHRITIS
11.2 DRUGS TO PREVENT AND TREAT GOUT
11.3.1 DIRECT MUSCLE RELAXANTS
11.3.2 CNS MUSCLE RELAXANTS

11.4 OTHER MUSCULOSKELETAL DRUGS

Chapter 12 NUTRION, BLOOD MODIFIERS
12.1.3 THERAPEUTIC VITAMINS & MINERAL
12.2 POTASSIUM SUPPLEMENTS
12.2.1 POTASSIUM REMOVING RESINS
12.3.1 ORAL ANTICOAGULANTS, VITAMIN K
12.3.2 INJECTABLE ANTICOAGULANTS
12.4 ANTIPLATELET DRUGS
12.5 HEMOSTATICS
12.7 BLOOD DETOXICANTS
12.9 ELECTROLYTES, IRRIGATING SOLUTIONS

Chapter 13 OBSTETRICAL & GYNECOLOGICAL MEDICATION
13.1.1 PRENATAL VITAMINS
13.1.2 SPECIALIZED OB / GYN DRUGS
13.1.3 OB/GYN TOPICAL ANTIINFECTIVES
13.3 ANDROGEN DRUGS
13.4 ESTROGEN DRUGS
13.4.1 ESTROGEN / PROGESTIN COMBINATION
13.4.3 SELECTIVE ESTROGEN RECEPTOR MODULATOR
13.5 PROGESTIN DRUGS
13.7 CONTRACEPTIVES
13.9 OXYTOCICS

Chapter 14 OPHTHALMIC MEDICATIONS
14.1.1 OPHTHALMIC TOPICAL ANTIBACTERIAL
14.1.2 OPHTHALMIC TOPICAL ANTIVIRAL DRUGS
14.2 OPHTHALMIC CORTICOSTEROID DRUGS
14.3 OPHTHALMIC ANTIINFECTIVE / CORTICOSTEROID
14.5 ANTIGLAUCOMA DRUGS
14.6 OTHER OPHTHALMIC DRUGS

Chapter 15 RESPIRATORY MEDICATIONS
15.1.1 BETA-2 ADRENERGIC DRUGS
15.1.2 METHYL XANTHINE DRUGS
15.1.3 OTHER DRUGS FOR ASTHMA
15.1.4 LEUKOTRIENE MODIFIERS
15.2.1 ANTIHISTAMINES
15.2.2 DECONGESTANTS
15.2.3 ANTIHISTAMINE / DECONGESTANT COMBINATIONS
15.3 ANTITUSSIVE AND EXPECTORANT
15.4 OTHER RESPIRATORY DRUGS

Chapter 16 UROLOGICAL MEDICATIONS
16.1.1 ANTICHOLINERGIC ANTISPASMODICS
16.1.2 CHOLINERGIC STIMULANTS
16.1.3 URINARY ANESTHETICS
16.1.4 OTHER GENITOURINARY PRODUCTS

Chapter 17 DIAGNOSTIC & MISCELLANEOUS MEDICATIONS
17.1 DIAGNOSTIC PRODUCTS
17.2 MISCELLANEOUS DRUGS
